**ADMIT YOUR CHILD TODAY,
CHERISH A LEADER TOMORROW!**

Kamaraj International Academy (KIA) Is an English Medium co-educational school conducted by the Kovilpatti Nadar Uravinmurai Sangam following the Continuous and Comprehensive Evaluation (CCE).

Kovilpatti Nadar Uravinmurai Sangam is a trust budded in the year 1955 to fulfil the dreams of Kalvi Thandhai Kamaraj in coherent to his Principles for the habitats of Kovilpatti, which sprouted as a small Elementary school with handful of students but then with the dedicated hands lend by the well-wishers of the trust Now we have promising students of more than ten thousand who are always ready to face the Global challenges with confidence and vigour. The President is elected once in three years from the sangam who acts as a backbone for these booming institutions.

The chain of schools evolved in the path of education are 4 Government-aided schools, 2 Matriculation Schools, an Arts College and to add a feather in one's cap, emerges the Innovative school with difference, Kamaraj International Academy.

1. THE GOALS OF KIA

Helping children to feel confident and develop good relationships with others. Supporting children in developing personal pride, self-control and positive attitudes. Encouraging children to question and solve problems through observation and experimentation Promoting the development of fine and gross motor skills through fun and active play. Nurturing children's creativity and imagination in a positive learning environment. Spoken English goes hand-in-hand with the regular speaking and listening skills enhanced in the classroom atmosphere as a part and parcel of this campus.

English Language Research, Testing,
Training & Assessment Centre

2. CURRICULUM

Our curriculum brings to the learners a sense of identity, spiritualism and ethics with a scientific understanding of their individual needs. With a curriculum designed and developed by the National council of Educational Research and Training (NCERT), we also follow Grammar text book, External spoken English classes and Handwriting practice

3. ADMISSION PROCEDURE

Application form is issued to everyone irrespective of the caste, creed and religion. Filled in application form with all details and mentioned attachments can be registered along with the registration fee. The student's admission is final after the personal interview with the Principal or the Management.

4. EXTRA-CURRICULAR ACTIVITIES

"You kindled the hidden talent within me to compete in this challenging world"

Though extra-curricular activities fall outside the realm of the normal curriculum and something that t

5. INFRA STRUCTURE

"This is the place where I am groomed for Holistic Education"

We are committed to provide exceptional primary education to focus on each individual allowing them to learn and develop their full potential. KIA emphasises the development of the student as a whole and particularly at the primary level there is a great deal of scope for creativity and individuality in the classroom. We attempt to create an atmosphere of space, freedom care and security in which they are nurtured to expand their horizons and grow.

The campus interiors are well designed for an apt atmosphere for every child with all the modern facilities. In addition to International educational curriculum with an excellent infrastructure, we create a difference by our approach towards teaching methods. A personalised learning with assessments, curriculum, teaching styles and extra punch of activities, all designed to discover and nourish the unique talents of every single child.

6. CLASSROOM

The classrooms are designed with safety in mind and every classroom in the school shares natural lighting and ventilation provided with SMART Board, comfortable furniture and other resources as per to their age.

"I play with Montessori equipments to hone the concepts"

7. MONTESSORI LAB

The Montessori Method of education, developed by Dr. Maria Montessori, is a child-centred educational approach based on scientific observations of children from birth to adulthood. Dr. Maria Montessori's Method has been time tested, with over 100 years of success in diverse cultures through out the world. It is an approach that values the human spirit and the development of the whole child - physical, social, emotional and cognitive.

8. THE DIGITAL INTERACTIVE BOARDS

"For me Learning has become so ... easy because I am a visual learner"

This transforms the learning space into an interactive, collaborative environment where students are both inspired and focused, the Instructors interact with dynamic multimedia content and the child to work on it with enthusiasm. It also makes learning a visual experience for students, which helps deepen understanding and promote retention of the course material.

The School has a computer laboratory with 25 computers accessible to students. It has advanced infrastructure in terms of hardware and software which cater to the requirements of the students, teachers and the curriculum. It is equipped with a dedicated broadband Internet connection for the students as a chance to be familiar with the Internet.

9. LIBRARY

"My best companion to transform me into a future Leader"

As a LEARNING RESOURCE CENTRE is fundamental to school, a place to enthuse the young minds unfold their self and discover their potential. A collection of varied books here gives space for the child to select the books of their choice and give a review in written to ensure that the learning has.

10. LAB -Math, Composite Science Lab, Computer Lab

" a place where facts are checked "

11. CLUBS

Gardening, Cookery and Robotics and Science experiment.

Clubs develop multi skilled

Clubs are refreshing parts for developing multi-talented child

" a place where thinkers become successful "

12. FIELD TRIPS

"Explore the surrounding to relate the things we learn" It is learning in an informal environment which can range from cognitive to affective outcomes. It exposes the students to a new experience and can increase interest and engagement in science regardless of prior interest in a topic

13. PARENT-TEACHER MEETINGS

"We can work together to bring in a change in our child"

This is a standard part of the school's efforts to build a strong partnership between parents and teachers. Whether your child is having a positive or negative experience in school, parent-teacher conferences will help you and your child's teacher find ways to work together to ensure your child's success.

14. HOMEWORK SCHEDULE

The concepts at home "The fun of learning does not end in school, instead reaches home as worksheets for the child to recollect and answer the concepts learned in the classroom atmosphere. This actually enlightens the parent about what is being learnt by their child for the whole day in the school. These worksheets will be filed and given to the child after the assessments.

15. TRANSPORT

Conveyance is provided from the School end at a nominal cost. But then, if the parents feel convenient enough to drop and pick up their ward, they are most welcome.

16. SCHOOL TIMINGS

Pre-KG - 09.00am-12.30pm

KG 1 To GRADE VIII - 09.00am-03.45pm

**Complete personality development
Every child is a talent we work to
unveil that talent to the world**

★★★ *The Art to Get Smart* ★★★

Be a part of KIA family to explore a Holistic development in the child
